

Dear \_\_\_\_\_

We have been told that you have not done your bowel screening test.

Bowel screening means checking that your bowels are healthy.

It is important that you complete the bowel screening test kit.

If you need extra support, or help to do the bowel screening test kit please phone \_\_\_\_\_ . We will be happy to help you.

If you want to talk about this more, please come and see the nurse.

Please look at the information that we have sent with this letter. This may answer some of your questions.

Yours sincerely,
